as a matter of principle grants in excess of the maximum admissible under the rules should not be sanctioned Govt should not violate or shuffle their own rules in this way If that is done people will think very lightly of rules framed by Govt and the Department will be flooded with all sorts of applications Moreover a scrutiny of the several cases shews that the present rules are sufficiently liberal in most of the cases and it is doubtful whether a revision of the rules will lend to greater liberality in such cases. Perhaps the result of a careful revision the rules may lead to greater strictness in the matter of grants. In any case only such of the increased grants as are cases admissible under the present rules (requiring Rs 1768 per annum) should be sanctioned

of Mysore, General and Revenue Departments, Bangalore

SIR

I have the honour to forward herewith a list of schools recommended for increased grants-in-aid for 1912-13 The list contains the names of only such schools as are really deserving of increased grants All the schools have worked satisfactorily and have been favourably reported upon from time to time Some of the schools have been working satisfactorily without any increase given to them, for the last 12 or 13 years The total amount of increases recommended amounts to Rs 243-8-0 a month or Rs 2922/- a year, and I request that Government may be pleased to sanction the amount from 1st July 1912 and order that it may be included in the State Funds Budget for 1912-13

I have the honour to be,
Sir,
Your most obedient servant

Assistant to the Inspector General

taught Urdu and Arithmetic as they have finished their primary course All the pupils are adults who are either coolies, artizans or persons holding menial appointments There are two masters who are paid Rs 12 and Rs 10 respectively, one of whom has passed the English ~~Lower~~ Secondary Examination and has studied up to the Matriculation Standard, and the other has passed the Hindustane Lower Secondary Examination and knows English and Kannada The Deputy Inspector of Hindustane Schools recommends that the grant may be raised to Rs 15 to meet the extra expenditure on account of the rise in attendance The school has been getting the present grant since 1st December 1909. I recommend that the grant may be raised to Rs 10

III? 15 | Rs 3 | This is an Upper Primary School attended by Roman Catholic boys and girls and is located in a mission building consisting of one school room 30'×14', 1 small room 12'×8' with verandah 20'×8' The highest standard taught is the III class All the classes are taught by a single teacher who has passed the English Lower Secondary Examination and is paid Rs 12 a month There is an orphanage connected with the school The Deputy Inspector of Bangalore who inspected the school on 1 5 1911, remarks that the school is doing excellent work among the Christian community in one of the most backward areas of Kankanhalli Taluk and recommends an increase of grant of Rs 3 The school has been getting the present grant ~~may be raised to Rs 10~~ since 1st July 1889 I recommend that the present grant may be raised to Rs 10/

				This is Girls High School The increase of grant recommended is admissible. The whole of the cost of staff is increased as proposed.				
					May be approved			

Rs 40 This is the only High School for girls in the Bangalore City. It is located in a Museum building, which contains one large hall, a small hall and 3 class rooms. The school is held in the mornings. The numbers in the High School Department ~~have~~ increased from 8 to 15 in 1911. There are 4 girls in the VI Form, 3 in V Form and 7 in IV Form. Besides the Lady Principal who is B A (London) and trained, there are 3 graduate Assistant Masters and a Kannada Pandit who only works half time. The three assistants are paid Rs 50, Rs 25 and Rs 18 a month respectively and the Pandit Rs 12 a month. The Lady Principal states that the increase of pupils has entailed addition to the staff, while the corresponding increase of fee income is an almost negligible quantity several of the pupils being poor and the fees at any time exceedingly low, and moreover at the repeated request of the parents of children living at a distance, it has been agreed to hold the school from 11 o'clock to 5 o'clock or 10 30 to 4-30 after June next. This will necessitate the maintenance of a complete staff of full time teachers, whereas heretofore it has been possible to manage with half time masters. The monthly staff expenditure will then be as follows -

Trained graduate Lady Principal — Salary at	Rs 200
Two graduate Assistants	Rs 110
Munshis (Tamil and Kannada)	Rs 20
Intermediate Art Assistant	Rs 30
Total	Rs 360

In view of the heavy increase of expenditure on staff alone, the Lady Principal prays that an increase of grant viz Rs 120 may be sanctioned.

The Inspector of Schools in his inspection notes remarks that the Lady Principal devotes all her time to the school but with better accommodation and a staff of whole time assistants, which will also allow of a change of hours to a part of the day more =

convenient to pupils from a distance, this school with the excellent management it enjoys and situated as it is in a good locality, is bound to be a very good High School for girls, there being no such institution of the sort within the limits of the City of Bangalore The discipline and tone of the school are excellent The single girl sent up for the Matriculation Examination of 1909 failed but 2 out of 4 girls passed the Lower Secondary Examination of that year, Since the last inspection the Municipal authorities have extended the building by the addition of 3 class rooms at an estimated cost of Rs 2200, of which Government contributed Rs 700 in 1910-11 As it is necessary to maintain the school for the higher education of Indian girls in the Bangalore City, the Inspector recommends that the grant may be raised to Rs 100 a month The present grant has been paid since 1st July 1907 Under these circumstances I recommend that the grant may be raised to Rs 100 if the arrangements suggested are carried out

This is the only Normal School for girls where Normal training is given to them, except in the Maharaja's College, Mysore It is located in the new building constructed for the purpose The highest standard taught in the school is that of the Lower Secondary Teacher's Grade There are three teachers, of whom one is an L. T. and is paid Rs 40 a month, one is a drawing Master, certificated and is paid Rs 10, and the third, a lady who holds the Normal certificate is paid Rs 8 The school is managed by the Lady Principal Miss A B Cooke who is paid Rs 100, and in addition to these assistance is given by the Staff of Boarding School The Manager states that additional teachers are needed for the development of the work and if the increased grant

The present grant is more than the average from the mission for Normal instruction is admissible under the rules

as given, the Managers will be able to employ them
The work of the school is highly satisfactory During
1910-11, 4 girls passed the Theoretical portion and 2
the practical portion of the Teachers' Certificate Examination
of the Lower Secondary Grade, out of 6 and 4 respectively
4 girls passed both in Theoretical and Practical Teachers' Cer-
tificate Examination of Primary grade out of 7 and all the
3 girls passed the Teachers Certificate of proficiency in
Sewing During 1909-10, 4 passed in each of the Theo-
retical and Practical Examinations of the Teachers' Cer-
tificate of Lower Secondary Grade out of 6 and 5
respectively, one girl passed both T.C. Examinations
in Primary Grade, and in Sewing 6 passed During 1908-09,
5 out of 6 girls passed in both Theoretical and Practical
Examinations of T.C in Lower Secondary Grade The school
has been getting the present grant since 1906 Seeing
the character of the school, I recommend that the
present grant may be raised to Rs 50.

Rs 10 This is a Middle School for the Muhammadan
girls, which maintains the Lower Secondary class
During the present year the attendance has
steadily increased to 88 It is located in a Mission
building with a central hall and 2 rooms. There are 6
Lady teachers besides the Lady Superintendent who
gives her whole time to the school and whose services
are not charged to the School Funds. All the Lady
teachers are passed candidates and are all trained
and they get Rs 13, 12, 9, 8, 6 & 6 respectively The
Lady Superintendent requests that an increase of grant
may be sanctioned for raising the salaries of several
teachers The Deputy Inspector of Mundustani Schools
in his inspection notes, remarks that the flourish-
ing condition of the school is attributed to the untiring
energy displayed by the Lady Superintendent whom
he ever found to be devoted to the welfare and progress

The Manager reports that an increase of grant may be sanctioned to increase the salaries of teachers and to appoint an additional teacher for the Infant class. The school has been receiving the present grant since 1st January 1896. As there is no other resource, the increase of Rs 10 may be given to engage the services of an additional teacher

This is the Anglo Sanskrit School maintaining the English Lower Secondary class It is located in a rented building There are 10 teachers including Sanskrit and Kannada Munshis. All the masters are passed candidates and they are paid Rs 152 a month. The school is purely maintained from fees and grants from State and Municipal Funds With a view to increase the salaries of certain masters and to employ a master and a peon, the Manager has been applying for an increase for the last 3 or 4 years. The Inspector recommends an increase of Rs 25 It has been getting the present grant since July 1892 As there is no other resource the grant may be raised to Rs 50 to engage another master

This is an A V School maintaining the English Lower Secondary class. It is located in Sowcar Bammanya's house, Sanskrit College Road, Mysore There are 10 teachers, almost all are passed men who are paid Rs 107 a month. The school was inspected by the Assistant Deputy Inspector in November 1911 All the 8 candidates appeared for the English Lower Secondary Examination of 1911 and passed and 4 passed the Kannada Lower Secondary Examination The Assistant Deputy Inspector remarks that the state of all the classes was good and the present grant is ma

too inadequate to enable the Managers to show their appreciation of the work of the Masters in a practical manner and recommends an increase of grant. Inspector of Schools supports his recommendation. The present grant was sanctioned only with effect from 1st July 1911. I recommend that the grant may be raised to Rs 30.

Thus is one of the successful English Middle Schools for European and Eurasian girls in Ingavar. The Manager says that the number of pupils on the roll on 18-11-11 was over 100. There was one girl in the V Form, 1 in the IV Form, and 9 girls in III Form. The course of studies adopted was fully in conformity with the Madras Code of Regulations for European schools. There are 10 mistresses excluding the Head Mistress, who are all working satisfactorily. During the last 3 years the strength and attendance as well as the intellectual efficiency of the school have been well maintained. Last year an increase of Rs 27/8 was recommended but Govt have in their order No. 3262/Edn 286-10-12 dated 14-11-11 been pleased to say that the proposal may be renewed in connection with increases of monthly grants for the year 1912-13. The school has been getting the present grant since July 1905. I repeat my last year's recommendation.

The school is a unique one, the only one of its kind in the State and in India. The pupils coming as they do from the poorest classes are unable to pay for their education or maintenance. They have to be educated and fed gratis. How this is done by means of private subscriptions and donations which have been decreasing and cannot be relied on, while the price of food stuffs has greatly risen. In other parts of India where such institutions exist, the pupils are generally fed and educated gratis and in

Bengal the District Boards bear the cost of supporting the pupils of their respective districts. In order to meet the charges of feeding the pupils and also to give some small increase to the present poor pay of the teachers, an additional grant of Rs 100 is quite necessary. In order that the school may not suffer in its efficiency of work, it is prayed that an additional grant of Rs 100 may be sanctioned, without which it will not be able to have more pupils and show good progress for want of students who cannot be admitted on account of the inability of the school to support them. "In addition to the two trained teachers who were lent by the department, there are 5 more teachers for teaching music and industry &c They are paid Rs 61 The Inspector of Schools recommends an increase of grant The schools have been receiving the present grant since December 1907

The ordinary grant-in-aid rules cannot apply to this institution The grant may be raised to Rs 80

Rs 2 — This is a Primary School containing the III class and held in the A V School building There are two masters who are working on an allowance of Rs 3 each a month The school has been getting the present grant since 1906

Rs 3 — This is a Primary School containing the III class and held in the A V School building There are two masters working satisfactorily on an allowance of Rs 2/8 each month It has been receiving the present grant since 1906

The Deputy Inspector of Chittaldrug District, in recommending an increase of grant to these Night Schools states that these Night Schools are worked satisfactorily The remuneration paid to teachers is not very inducing The contingency of Re 1 or Re 1/8 set apart in each is not quite sufficient to meet the expenses of oil, chimneys &c every month Three or four lamps have to burn in each school for more than 2 hours If Rs 10 is sanctioned for all these

Rs 5 This Uppper Primary School was raised to the Middle School by opening the VI class in January 1911 The pupils are drawn from a number of neighbouring villages The school is located in a new building constructed by the Mission There are three masters of whom one has passed the Kannada Lower Secondary and Training Examinations, one has passed only the Kannada Lower Secondary Examination and the other has passed no Examination They are paid Rs 24 a month The Deputy Inspector in his inspection notes remarks that the strength has shown a considerable increase over that of last year and that so many as 44 pupils attend the school from neighbouring villages. Being located in a convenient place, the school is likely to grow in importance and usefulness In case the present strength is to be maintained, the services of an additional hand are very necessary. The condition of the school is hopeful and promising It was only last year that the grant was raised to Rs 10 The Manager says that the additional grant of Rs 10 asked for is an absolute necessity and prays that the same may be sanctioned. Under these circumstances an increase of Rs 5 may be sanctioned

Rs 15 This school consists of 2 branches, General education and Industrial. In the general education branch Kannada Lower Secondary class is maintained The school sustained a heavy loss by the untimely death of Miss Vickers the Lady Superintendent and her place was taken by another Lady Superintendent who teaches the classes herself They are 7 teachers who are all passed candidates and have undergone the Training and they are paid Rs 84 It is located in a Mission building and conducted on up to date methods The Manager prays that the increase of grant asked for may be sanctioned The school
